

About Us

Baby On The Move Head Office Team

(From Left) Fena Bavastro, Claire Turner

Baby On The Move is a nationwide franchise company owned and operated by experienced Mums and in some cases Dads as well. We run our businesses from our homes or from retail outlets in some centres. We specialise in providing parents-to-be with a relaxed environment in which to make informed decisions about some of the most important baby equipment they may purchase or hire for their new baby. For those who have visitors arriving, we offer a complete service with highchairs, car seats, cots (both portable and wooden), buggies, safety stair gates etc, and in some areas, baskets of toys to ensure you are able to provide your little visitor with the most essential items for a relaxing & enjoyable safe stay.

All Franchise owners are Safe2Go trained technicians who are qualified and experienced in installing capsules, toddler seats and booster seats to safely meet all your travel needs. We provide a free fitting service so you can be confident that your capsule or toddler seat is correctly fitted into your vehicle. All baby equipment used as rentals or for sale meets the New Zealand and Australian Safety Standard and a wide range of items also meet the European Safety Standard (EC44). Knowing that your baby or toddler is safely and securely travelling in your vehicle is very reassuring and makes family travels so much more relaxing. As parents ourselves, we are able to offer strategies that can help make travelling enjoyable for everyone and are able to source a range of additional items that can ease those "Are we there yet?" moments.

All Baby On The Move owners have an indepth knowledge of all the products we hire or sell new. We are able to help you make informed decisions about your buggy, car seat or your cot. We also are able to show you what to look for, what features of various makes and models may suit your lifestyle and the positive aspects of some baby equipment that may enhance your day to day time with your baby or toddler.

Our extensive range of rental baby equipment includes infant capsules with bases, toddler seats, buggies, bassinets, cot, exersaucers, monitors, safety gates for doorways and so much more. We use well known brands of equipment such as Mountain Buggy, Phil & Teds, Graco and Baby Trend and ensure each and every item is well maintained. Every item of rental baby equipment is cleaned to the highest standard and if needed, can be delivered to the airport for your arrival, brought to the hospital if your baby has arrived early, or delivered to your accommodation to be ready for when you arrive.

We look forward to assisting you make the very important decision about infant capsules, buggies and even bassinets in preparation for the birth of your baby. For those who have friends or family visiting we look forward to assisting you in deciding what rental equipment will ensure a safe and happy visit. Please feel free to contact us, either through our Head Office or through your local franchisee, listed in the 'Contacts Us' section of our Web Site.
