

out n' about

**nipper
sport**

The nipper sport is aimed at parents who wish to use their buggy in off-road conditions and / or parents who intend to use their buggy whilst jogging. The fixed front wheel ensures maximum stability over rough terrain, whilst the large 16" wheels guarantee a smoother ride for the child and an easier push for the parents.

Other than the large 16" wheels, fixed front wheel, and a handlebar-mounted brake lever to govern speed, the nipper sport boasts the same great features as the Out 'n' About nipper 360° single model.

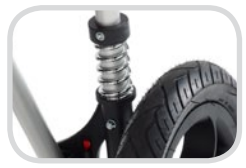

nipper sport
