

Infant Capsule Adaptor Guide

For connecting to Baby Jogger strollers

Build your own travel system with a Baby Jogger stroller, infant capsule adaptor, and your choice of infant capsule. Use the chart below to see which infant capsules are compatible with your Baby Jogger stroller. To find the adaptor you require on our website, enter the product code into the search bar.

The City Select™ stroller will hold two infant car seats when converted to a double!

Exclusions: The City Tour™ (version 1) and City Tour™ 2 Double cannot take any capsules due to their design. We also do not have any capsule adaptors for the City Mini™ GT2 Double stroller in New Zealand.

For an instruction manual on how to set up your capsule and stroller using the adaptors, please email: customerservice@babyfirst.co.nz
